ABOUT ME

I am a third-year student studying computer engineering at King Mongkut's Institute of Technology Ladkrabang. Currently, I am looking for an opportunity to improve my academic skills and prepare myself for my career in the future through being in a real-life work environment. This will allow me to apply my knowledge and skills acquired from the university into real-life situations. My aim is to always be motivated and eager to give my best to any task presented to me in order to succeed.
